Newtonville, Massachusetts

Dear Mr. Marcus:

I have received the copy of your July 12th letter to Mr. Charles W. Wyckoff of EG&G which you kindly forwarded to me. This letter contains three typewritten pages of questions directed to his study of the Kennedy Assassination material which you requested Mr. Wyckoff to answer.

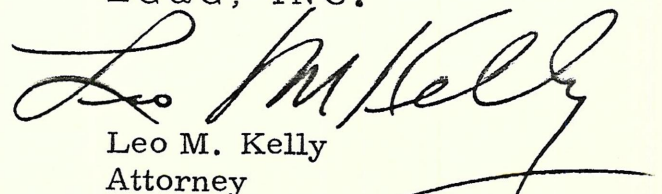

Mr. Wyckoff simply does not have the time to devote to answering all such inquiries. I am sure you will agree he was very generous in the time that he has already given you.

I am, however, relaying to you that Mr. Wyckoff has re-examined his interview made for the CBS News Warren Controversy Report and confirms all the statements that he made therein, both during the full interview and the portion thereof actually shown. He has no objection to any of the conclusions that CBS News drew from the facts that he presented. Mr. Wyckoff feels that the CBS News coverage, including his interview and the discussion concerning the studies he made, were accurately and honestly presented.

Since you already have a recording of his interview, I trust that this will satisfy your needs.

Very truly yours,

EG & G, INC.
