

January 12 -

Sylvia: Enclosing copy of my letter to
Bern on Roberts — & a few other
zaid ideas.

My old thrombosis is acting up
(in leg) & doctor has
put me on my back, from
which position I cannot
type.

I have typed (small size type)
some remarks in answer
to your questions on
Ornald's awareness of

weapon & in regard to
Garrison. I hate tapes,
but I will use such
a means of communica-
tion until I am able
to be eye & about
again.

Feel badly about Phastri.
He was one of the least
offenders.

Love,
A.
