All the old faces are
changing. Much work
remaining on Tippit. Hope
Epstein covers this as
well as possible at
the moment. The
Tippit story will
break the case. Penn
has strong interest in
all this, of course. He is
trying to get me to write down
my reactions to Ruth + Michael.

Don't feel guilty about not writing. I understand.
Many thanks for information. Am ordering all items
today. Did not receive your Index from Beacon
Press. Penn received his order. Penn & LA were
here for brief stay. He thinks I am a quitter.
I maintain it is because I have nothing
to say. But I am a good listener! I should
have Epstein's book within the week. Enjoyed your
Hartog article in TMO. Keep up the good work -
This "psychological" manure was one of my
original hates in this case. Still hoping you
will come this way this summer. I look
back reading testimony. Cull is gone
