

Sylvia: No; everything
is fine. I have
been building a
house (supervising).
This takes place
40 miles away, so I
have been busy
driving. With my
leg still bad, this
extra activity keeps
me from the type-
writer; my
handwriting is

so long, I hate to
inflict it on anyone.

Thus, the long period
between letters. I have
written to no one -

with the exception of
one letter to Harold &
Jimmie Feldman,
who are expecting a
baby in May.

I'm writing this
terrible note at the
P.O., so I can get

it back to you in a
hurry.

I will be in Dallas
this week, & will
write (type!!) a
long letter on my
return.

Did you see Salundina's
article in March TMO?

Also, please read
Marina O. & Marie
Tippit article in
April Food

Housekeeping.

I think things
are going well.
Have been re-
researching Knight,
Snyder, Waterman
testimony since
the Atta Schwartz
upheaval. The battle
is being joined!

Love, A.
