

stupid & inconsequential. See remark in telegram
that Oswald was "former marine and — — —"
What was cut out? I passed this on to Mrs.
O. ~~over~~ ^{over} a year ago, expecting she would be
very irritated by such evidence of tampering
with official documents - but she was
very bland & disinterested in this
enigma. Oswald "former marine
& what"? What descriptive phrase
was deliberately blanked out by
Naval Intelligence before handing over
to W.C. Mark (Lane) asked Jenner
about this, but Jenner said he
didn't have any interest in
following up! Again let me
say you "O" & the State D. "is most
coherent summation of an
extremely difficult
subject"
