Shirley,

Just a rash note to say (1) yes, I did read the Fremont-Smith article, thought he put the Epstein book in a nutshell, exactly right, but had to write him expressing regret that he did not elaborate on the restrictions under which the autopsy photos were turned over to the Archives; and (2) no, I have no idea of Lane's address or phone number. I met him at a radio station last week, the first time I have ever met him. I suppose he could be reached through his publisher, Holt Rinehart & Winston, 383 Madison Ave., NYC phone (area code 212) MUZZY HILL 8-9100. Apologies for being so rushed, excuse—love,

Sylvia
