Barnes, Vol. 7, p. 273

Mr. Barnes: I took a picture of a stop sign that was located down at the intersection of Patton & Truth. We had a report that we thought maybe that might have had some significance in the case.

Just received your letter. No, I did not misunderstand Harold W. on the Schiller comment, unless Harold has a twisted sense of humor that I don't understand. I am glad you agree with me on Castor - Castro - Castro.

Also am shocked about Willis - Boyard thing.

Am anxious to discuss other

information in "Photographic  
white work." Will write  
tomorrow when am  
home at typewriter.

Notice in Barnes test may be the  
admission that first instinct  
of police (following notification  
of Tippit death) was that  
"incident" of stop sign on 10th &  
Patton was connected with  
Tippit's murder.

Must close,  
much love,  
D.

There is no doubt that Dallas police are much  
more sensitive about Tippit death than  
assassination.
