Pylria -

Mike has told you the news & detailed our hope of seeing you in New York. A trip to that city wouldn't be complete without a visit together. We sent you a postcard from Miami (Oklahoma) where we were married. Hope you received it. The whole prospect of our trip west & then east is delightful. Do you think I'd like N.Y.? I'd like to see Man from La Mancha, but tickets may be booked for weeks in advance.

Let's have a good talk. I love you,
