Dear Ms. Meagher:

Confirming our telephone conversation, enclosed is our standard contract to be signed by yourself and Mr. Owens. The single-sheet version should be signed by both authors and returned to us. Others are for your files.

We would like to pursue the idea of republishing your 1966 Index. If there are some corrections to be made we could have the volume reset and probably reduce the number of pages somewhat.

In this case, it seems to me we might want to think of a different title, which would encompass both indexes.

Enclosed are both checks as advances against royalties. I thought since you were sending the contract on to Mr. Owens you could include the check for him.

We look forward to working with you on this book.

Sincerely,

Wm R Eshelman
