

Belfast
1 February 1980

Dear Sylvia,

As its been some time since we were last in contact with each other, this letter will serve to re-establish our correspondence and to accompany a rather belated December(!) issue of JFK.AF.

My printer messed me about this time but the regularity of publication has been affected mainly because of a dearth of news and developments since the HSCA Report PLUS my inherent laziness. I'm hoping to get back on the rails soon and to resume a regular appearance.

The Tony Summers' book is due out around April. It will appear over here in both hardback and paperback. If you have any problem obtaining a copy just let me know, although to judge from the final issue of AIB's XClandestine America it should be published in the U.S. by McGraw Hill.

Have you any more news of those other titles that they mentioned as being in the works?

Can I ask you to do me a BIG favour? Could you provide me with an inscribed copy of your new HSCA Index as soon as it appears. I would appreciate it Airmailed over to me for immediate use and, if you will be sure to tell me how much this all amounts to I'll be sure to send over some dollar bills in settlement! I'm looking forward to seeing the result of your most recent labours.....

In the meantime I'll close up with my best wishes for now - and for 1980!

Regards,
