Dear Ms. Meagher:

Thanks so much for the mailing lists. We will take good care of them and be sure that no one else sees them. We'll return them to you after we are through.

On the receipt of proof pages we have a choice it seems. If we rush things you could have proof pages the first week of May. Otherwise we will get them to you in August. We would not want to push other books aside in order to get yours done by May unless you can accommodate the proof reading before you and Gary go on vacation. Please let me know.

A catalog is on its way to you.

With every good wish,

Sincerely,

*Esh*
