Dear Ms. Meagher:

Enclosed are a few more catalogs as requested. It was nice to have an opportunity to chat with you.

I understand you've been doing a terrific job expediting proof. Don't know whether we can make that August publication date since we need to allow three months at press. But we'll all do our best to get it out of here speedily.

There will be other catalogs--and eventually single flyers--coming to you. We'll price the book when it is packed off to the printer. Hopefully that will be fairly soon.

Sincerely,

Norma
