

SYLVIA -

IS THIS OK, WITH A COVER NOTE SAYING THIS IS COPYRIGHT MATERIAL, TO BE PUBLISHED NEXT YEAR?

Dear Paul,

Ms. Phyllis Hubbell, who is new on Quin Shea's staff, is working on JFK appeals.

(JUSTICE
DEPT.
PLH)

That office is reviewing what the HSCA published because it is pertinent to disclosure.

The volume is great and these people are not subject experts.

Copies of Sylvia's selective index could be helpful to them.

Would you please send them copies of what Sylvia has done to date and of other volumes as she completes them?

I have explained that Sylvia's index is selective, not inclusive.

However, what it does include could save time and disputes over what is within the public domain.

Thanks,

Heald
