Dear Miss Davis:

I am very sorry for letting us  
know that you had written a book  
on the Kennedy assassination. You  
did a terrific job of putting  
together all of the conflicting  
evidence surrounding the Kennedy assassina-  
tion, and you present it very clearly.

You are right, though, sus-  
pecting that we might feel we have given  
about as much space as we can to the Warren  
Report for the moment. And I am afraid that  
even cut down your piece would be rather too  
long for us. I am therefore returning it to  
you enclosed.

Since the two other magazines  
you mentioned had already pieces on the Warren  
Report have already had such articles, I don't  
have any really good suggestions about where  
you might send your manuscript. You might,  
however, try such publications as Dissent, or  
New Politics.

Sincerely yours,

*Myron Kolatch*
