Dear Mr. Gandolfo,

Thank you for your letter of 31 January 1968. I appreciate the information about your complete file and tapes on the assassination and in the event that I am in need of particular data I will take the liberty of contacting you. At the moment, I am not doing any work on the Warren Report. If you have read my book, you will realize that I have given an exhaustive account of the whole body of evidence and its fraudulence. I do not contemplate a second book on the same subject.

Yours sincerely,

Sylvia Meagher
