DATE IV/15/68

Dear Mrs. Meagher :
 having finally made the proper mailings to
 IRS today and being a little caught up in
 my projects I remeber that you had a plan
 of Dealey Plaza that belonged to Professor
 Thompson -- it was a much better size than
 mine at 10th scale and I'm not certain
 whether or not you indicated I might be able
 to have it - in that the Professor has not
 wanted it ~~returned~~ returned to him I would
 appreciate it if you could send it along
 to this address and I'll copy it and return
 it to him for you -- my 27 volumes came last
 month from PJ jr and I've now done almost
 enough work to start making some drawings
 which I think may well show that it was im-
 possible for the easterly window to have
 been a sniper's 'nest' - it's miserably
 cramped and small even for someone 5'-9" --
 I'm almost ready to bet it was an entirely

DATE 4/18/68 The chart is
 mine, not Thompson's, but I don't
 have it on hand just now.
 I hate to be unhelpful but
 this is a period of peak activity
 at my office and I scarcely have
 a moment to spare...so I can only
 suggest hastily that if you are
 in a rush you might ask Dick
 Sprague, who borrowed and copied
 the chart, or Thompson.
 Sprague is at 1 West 54 St NY C
 Thompson at 3 College Lane,
 Haverford Pa.

Hurriedly,
 Best regards,
