SUBJECT: Assassination of John Fitzgerald Kennedy, Martin Luther King,
and Robert Francis Kennedy

In the immediate aftermath of the murder of Senator Robert F. Kennedy, nothing is clearer than the need to redouble all efforts to make the public aware of the political meaning of the three assassinations and the ominous implications for the future of this country.

M. S. Arnoni left today for a four-week visit to Israel but before his departure we discussed the possibility of devoting the entire September issue of THE MINORITY OF ONE to the three assassinations. Mr. Arnoni authorized me to approach a number of authors, on his behalf, to invite articles for the September issue for submittal before mid-July if possible.

I hope very much that you will consider writing a contribution and also suggesting to other possible contributors the need to present their views to the public in the September issue, and in all other possible forums.
