Dear Sylvia,

Thankyou for your letter,

I have been working continuously on my research. The material I wanted was cross filed last May, after five years. The King assassination, Robert Kennedy murder, and the Ted Kennedy accident, as well as the SHARON TATE MURDER have taken too much of my time. They were very painful diversions.

Did you read my section about Ted Kennedy?

Read Olsen's new book "The Bridge at Chapaquid~~ttt~~?" "It is a very excellent book in that he describes all the obvious signals of problems to be solved which were totally ignored. Kennedy's "concussion and confusion", how he got out of the car with the door still locked, and many, many other points. He also lists the biography of all the people at the cottage EXCEPT JOHN CRIMMINS. Crimmings procured the food, brought the girls, was the last person outside alone with Kennedy. My research is so complete at this time, that I could include John Crimm~~an~~'s biography in my newsletter and ask if this was the same John Crimmings?— (*Before his book was delivered*)

As for the Sharon Tate, I barely touched upon that in my "hippie" section. All the stories about Manson, Sue Atkins in the Sunday New York Times, and national news media are VERY DRAMATIC, HEART RENDERING, LONELY CHILDHOODS, SOCIETIES PROBLEMS. Nothing is said, please note, about Charles "Tex" Watson, who did the stabbings, wrote "pig" for effect, and directed the girls. I could list many parallels, attorneys, for all of these cases, Joseph Ball, George Sibley, etc. *Baily*

After completing my research on Lee and Marina to the enth degree, I have broken down the operations of the CIA and it's use of agents. By doing this, and collecting clues and information immediately, before the news blackouts, you can lay out a diagram of who ~~to~~ go for and their role in the crimes, as well as the motives.

Enclosed is a topic index of my research on the Hearings. Wish I could talk with you and tell you how I went about it. My area of interest always was MARINA OSWALD and Lee Oswald, agents of the CIA. I started with the sentence in the Warren Report page 281 "There is no basis to suppose that Oswald came to Ft. Worth upon his return from Russia for the purpose of establishing contacts with the Russian speaking community located in that area".

From there, I go to the names they had in the Soviet Union, before they arrived, that lived in Dallas. I broke down their first, second, third introductions, meetings. All of this is taken ONLY FROM THE 26 Volumes, and all my work is limited to anything that suggests or confirms Oswald and Marina were agents.

I do not deal with the Cubans in New Orleans, the grassy knoll, autopsies, medical reports, ballistics, etc etc.

I have 72 spiral notebooks, each filled with capacity papers, plus 30 more notebooks of the same kind not listed in this letter. Will show you how I worked.

#### 1. Background

Taking from every witness in the Dallas-Ft. Worth area, or personal friends like Kkoepfer in New Orleans, I went into the citizenship, nationality, date of arrival, location of residences, education, occupations. My information came from testimony, and all exhibits.

## 2. How met

Every person called told how they met Lee and Marina Oswald. When someone like Bouhe was called, he said he met them at Gregory's house, that was their first meeting. This is in the Testimony. BUT, IN THE EXHIBITS, RIGHT AFTER THE ASSASSINATION, BOUHE SAID "I MET LEE OSWALD THROUGH HIS WIFE." He met Marina and was alone with HER FIRST.....WHICH MAKES A HELL OF A LOT OF DIFFERENCE...

I Cross filed every witness, "HOW MET" and came up with a realization first contacts with Marina... That led to another category, TIMES WITH MARINA.

It goes on, and on you see.

I catch these people, under oath, saying they saw Lee and Marina only once or never. I find they were spending much time ALONE WITH MARINA. THE ONES ALONE WITH MARINA, GOING BACK TO BACKGROUND, WERE FAR RIGHT, EXTREMISTS, ROYAL ARISTOCRATS LIKE MARINA, MAYBE EVEN RELATED TO ONE OF THEM. You can connect them from Gravitis, Mamantov, to Army Intelligence, Lumpkin, motorcade, etc. etc.

Categories like JOB ARE EASY TO EXPLAIN: I took every word, every affidavit, exhibit which pertained to any job Lee had in the US, Leslie Welding, Jagers, Reilly Coffe, Love Air Field, Book Depository. I cross filed date of application, termination of work, reasons, pay checks. etc. Then, when Marina Oswald said, I H 62, "He looked for work for some time but he could not find it and then Some Russian friends of ours helped him find some work in Dallas. It seems to me it was about 2 weeks".

Compare; Marguerite Oswald, weekend of Lee's birthday, in Ft. Worth, Russian friends had job ready at photo lab in Dallas,

Lee's nice letter of resignation to Leslie, telling them he moved on to Dallas.

Lee's paychecks, date started at Jagers, IMMEDIATELY

CONCLUSION: 1. MARINA OSWALD, AT LEAST 100 times, lied about Lee Oswald's character, jobs, housing, rifle, etc.

2. Commission fed her these questions so that she could create a motive which, under scrutiny, never held up.

As you can see, if you read the list of 72 notebooks, I have enough material now for four or five books. The question is to pull out in the best possible manner that which I need for my first book. I have been doing the selection, and trying to write, since the research is finished.

If you were closer, we could get out a book "Witnesses not called" within several weeks. time. THIS IS A MUST, AND VERY INTERESTING. WHENEVER I CAME ACROSS SOMEBODY MENTIONED, AND PASSED OVER, I kept the volume, page, name, and reason they needed to be questioned.

Hope this does not sound too confusing.

Having ~~an~~ husband and five children is the longest, hardest way to write a book and they try to be patient with me.

Keep well. If any questions, call
