Dear Mrs. Meagher,

I am presently a senior at the College Of Wooster located in Wooster, Ohio. For several years I have been interested in the Kennedy Assassination and the Warren Commission. This fall I have begun work on a senior thesis dealing with the critics of the Commission, and as your work, Accessories After The Fact, is one of the foremost books in this area I have become quite familiar with it. Through independent research in the twenty-six volumes of Hearings and Exhibits I have become convinced that there is much merit to your arguments concerning the fallacies in the Warren Report.

In the course of my research I have attempted to gather information pertaining to your background and qualifications. I have had difficulty in this task, and the material I have is quite scanty. As it is important to my study to establish you as an independent and reputable investigator I would greatly appreciate it if you would forward to me what appropriate biographical information as you deem proper.

Very Truly Yours,

James F. Koehler
