Botolph Original by Corita Kent

Dear Sylvia:

Your most lovely card just arrived. I finished my semester on Friday (3 A's + 1 B) and haven't bought a gift or sent a card until today!

Love tights grows stronger; more elastic - nice and unusually sensitive - have a care when and if he should sell you out with respect to his book.

I saw Fred Newcomb's wife at my library last week. They had just returned from Dallas and were "blatant" at what they "meant" (didn't find out). They didn't go to Midlothian, but saw Penn Jones at Dealey Plaza on the 22nd.

Brought the Cherry volume (sic) but probably won't read it.

Best Wishes,
Biel O'Connell
