Dear Miss Meagher:

As you might know, I have been working with Dick Sprague and Bud Fensterwald on the Committee to Investigate Assassinations as a computer consultant and lecturer. As do most researchers, I consider your book, Accessories After the Fact, a most significant and scholarly work. It remains one of my primary references. I would like to know what other information you might have available at this time and how I might procure it, i.e., Index to Warren Report. Thank you for your assistance.

Sincerely,

Robert B. Saltzman
