Dear Sylvia,

Enclosed is a copy of the interview I gave to the Mpls Tribune. There are a few things which I wish had been included, but it is still pleasing to have this much space given to our side of the story. I tried to convince both the Trib and the local AP representative to put this on the wire-service, but with no apparent success.

Harold sent me a letter today accusing me of having caused the whole Latimer episode by revealing his secret documents to Marshall. The letter is hard to decipher and is in a very insulting tone. If it didn't endanger "the cause" it would simply be sad (obviously it does no harm, but letters like it may).

best regards,

Red
