The letterhead I am using has nothing to do with my question below. I am using it only to let you know that I am not a Feebee, or a S~~S~~ecret Service man, or a CIA agent.

I visited Pickwick Bookshops here in Hollywood in December, looking for two books of Mr. Chesley Manley. I did not find them; but I found your book : " ACCESSORIES AFTER THE FACT..." on the bargain table there. I bought two of them at a price of \$1.49 + tax. And I have read it through.

I one time read two books on the same subject by Mr. Mark Lane, two or three books by Mr. Harold Weisberg, and two by Mr. Penn Jones Jr. In his last volume Mr. Jones said that he would wind up his finding in a third volum : "Forgive my grief". I have never been able to establish whether or not he did write a third volume. I wrote him about it some years ago, but never got any answer.

Here is my question : Did Mr. Jones write the announced third volum of "Forgive my grief" ? Did he become part of the statics as one of some twentyfour others ? Or, was he presented with the same alternative as Attorney Mr. Dean Adams Andrews Jr. of New Orleans : To shut up or get his head blown off ?
