

Dear Sylvia:

I'm working on a new article about the framing of Oswald. I haven't been able to track down a particular quote and wonder if you could help me. Our NCTIA research staff can't seem to find it either. Do you know the source for Oswald's remarks about being a patsy? And do you know exactly what he said? My notes indicate he said, "They made me a patsy," but someone else claims he said, "I'm a patsy."

I'd appreciate any reference you can come up with on this one.

Looking forward to hearing Cyril on Feb. 11

Regards

Dick
