

MATTERHORN PEAK GLACIER

On Sawtooth Ridge, above Twin Lakes, Mono County, Bridgeport, California. The Alpine Terrain is a challenge to mountain climbers, and a special point of interest to sightseers and camera fans.

Aug. 1961

Dear Sylvia,
 The four of us spent five days backpacking about 10,000' in these mountains. A wonderful time - the air is clear, no people, no mosquitoes, no rain.

Barkley has been a splendid place for us and I didn't want to leave it. I'm calling up Paul Hoch, always, etc. I don't.

Hope to see you early in the fall,

Tom
