

Annual appraisal for the period from 1.12.1969  
 Rapport annuel pour la période allant du

to  
 au

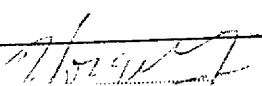

During the period under review, Mrs. Meagher continued to carry out her diversified duties in a highly satisfactory manner. She has worked very hard during the 25th session of the General Assembly, and has covered with great competence an extremely difficult agenda of the Fifth Committee.

I have very little to add to my previous appraisal. During the period under review, Mrs. Meagher's performance has continued to be of the highest order.

One more year of hard work, high standards of performance and devotion to duty. Mrs. Meagher's thorough knowledge of United Nations matters of special interest to WHO, in particular of questions dealt with by the Fifth Committee of the General Assembly, will undoubtedly be of great assistance to the new Director/LUN. She continues to have excellent relations with her colleagues in the office, and at the United Nations.
