Dear Mrs. Meagher,

I am presently a Junior History major at Fairfield University. At the present time, I am undertaking a research project independently on the assassination of President Kennedy. I have read your book Accessories After the Fact and I feel that it is the most qualified book on the subject. I would be greatly indebted to you if it were possible for you to provide me with either information or at least to put me on the right track towards information that would be invaluable towards better understanding what happened on November 22, 1963.

I am intimately familiar with most of the literature on the subject but I feel that I need assistance in evaluating what is fact and what is fiction. I would immensely appreciate any assistance whatsoever in the form of a letter, information or perhaps an interview at a mutually convenient time. Thank you for your time and cooperation.

Sincerely yours,

Joseph D. Secchio
