The Superintendent
302 West 12 Street

Dear Sir,

I would be grateful to discuss with you at your earliest convenience the painting of my apartment and modernization of my kitchen.

My apartment (15 D at 302 West 12 Street) has not been painted for five years, the last time having been the summer of 1968. Letters I sent to the previous owners, Bing & Bing, requesting the painting of my apartment, went unanswered.

I hope to hear from you on this matter as soon as possible.*

Yours sincerely,

Sylvia Meagher
