Ms. Rose Herschman
ESSCO
405 East 58 Street
New York 10022

Dear Ms. Herschman,

Mr. Jablonsky has suggested that I write to you concerning my request for modernization of the kitchen in the apartment which I occupy at 302 West 12 Street. I am interested in particular in a newer-model frost-free refrigerator with separate freezer compartment. I am also hopeful that structural modifications can be made that would give me more storage space and more working surface.

I hope that you will advise me of the terms and conditions under which my request can be met and also whether such modernization should be carried out before, or after, the painting of the whole apartment which I have requested and to which Mr. Jablonsky has agreed.

With appreciation for your assistance and best wishes,

Yours very sincerely,

Sylvia Meagher
