Dear Mr. Ewing,

This will reply to your letter of the 10th. I am pleased to enclose a notice indicating how you can obtain a copy of the Subject Index. University Microfilms tends to be slow in filling orders and I would therefore suggest that you indicate urgency, if you are in a hurry to get a copy.

You will not be surprised if I say that my curiosity is piqued by your interest in the Subject Index in connection with research you are doing on a Senate staff. Can you tell me more about your research? I could perhaps be helpful.

With good wishes,

Yours sincerely,
