Dear Mrs. Megher,

I have been continuing my work on the assassination of President Kennedy. I have purchased a book entitled "Investigation of a Homicide" by Judy Bonner. In the books documentary section it has a photo of Oswalds body as it appeared after autopsy. It was taken by the Dallas Police dept. Also in the book is a picture of the presidents body on a stretcher after he was pronounced dead at 1:00pm; by cl. Kemp Clark, Parkland Hospital.

I have also heard that Mr. Jim Garrison was tried and found not guilty for bribery charges in New Orleans.

Mr. David Belin has written an interesting book called, Nov. 22, 1963: You are the Jury.

The Zapruder film is now available ~~the~~ to the American public. Mr. Penn Jones sells it for \$15.00. The color has faded quite a bit, and the film has many splices in it. I have showed this film to about 500 people and all are convinced of the fatal shot that killed the president came from the front. Why was the Warren Commission so blind?

Mr. Donald Freed co-author of "Executive Action" is now on a nationwide speaking tour.

IF you have any questions or material Mrs Meagher, please let me know. I return home from school in mid-May. IF we could get together for a long talk, I would appreciate it very much. I know you a very busy person, but I am very dedicated to this subject and need to know more every day.

Thank you for your help in This Matter.

Yours Truly,
