Ms Meagher

The enclosed appeared in a girlie magazine which I doubt you read. I assume you're still interested in the subject

Prouty is a retired Lt Col, liaison man between U.S. Air Force and CIA while he was in service. He lives in Alexandria.

I am suggesting he get a copy of your book, though who knows where? OP books, I suppose. If I let my copy out of my hands I'll never see it again, which I could not bear.....
