Jan. 20, 1975

Dear Sir;

I'm enclosing a picture of the man that was behind a tree on the grassy knoll Nov. 22, 1963. He was wearing a derby hat and an overcoat that day.

If you can get me a way out of the U.S. with that little girl & a boy without any trouble I'll give you a story on it for enough to start life over again.

There are a few catches to it tho. The girl will be 15 April. 23 & the boy will be 14 July 11. They

love their daddy + I don't
know how to get them to
go willingly. You see I
am his ex-wife.

The fact that his
grandmother named her
boys after their fathers may
complicate things too. His
father was named James
Benjamin Taylor after Ben
jamin Taylor + another one
Tom Taylor after Tom Taylor.
Now who was the daughter
of Thomas Jefferson Taylor?
Miss Teston never did get
married. She was his grandmother.

There have been several
murders of his own relatives
since 1963, too. Notice these
names in the Warren Report.
Gary Taylor was really Larry

Taylor. He was supposed to have
 dove in shallow water & hit
 his head on a rock April
 14, 1969. He wasn't really
 married to that Russian girl.
 I think his address was 1815 E.
 8th St. Jacksonville, Fla. at the
 time of his death. His mother
 Pauline Taylor Kinnamon lives
 there. Phil was in Jacksonville
 looking for me then. I'd taken
 the children & left him.

Billy Joe Lord was really
 B.J. Simmons ^{of Jacksonville, Fla.}. He was shot & thrown
 out in the woods near Green
 Cove Springs Fla. sometime in
 Dec. 1968. Phil went on vacation
 in Dec. 1968 to Alma, Ga. just
 103 mi. from Jacksonville. B.J.
 S. was married to a Lord girl. His
 mother was Phil's cousin Lassie
 Taylor Simmons. His father was
 John T. Simmons. They lived

4.
around the corner from Pauline,
on Danese St between 8th & 9th.

John Raymond Hall & Marvin
Hall were really J. T. & Marvin
Taylor, Phil's Cousins. They had
worked for Mr. Hall. Mr. Hall
may be dead now but he did
live at the corner of 9th & Danese
St. Jacksonville, Fla.

J. T. was found dead float-
ing in the river ^{in Jacksonville} while Phil was
on vacation again in Dec. 70
or 71. I'm not sure which.

He was the son of Tom Taylor
& Molly Taylor. His wife's name
was Betty. I guess he was just
"shacked up" with that Russian.
He may have committed bigamy.

They were related to Oswald
too. I could send a picture of
my son that looks a lot like
Oswald but I don't want any
pictures of the children or
miscellaneous printed.

Give me time to work out my problems about the children before the story is printed. This is just part of it.

Phil's people may not suspect who caused all those deaths. I do really believe he did. They may not have even seen him in Jacksonville.

He lives in Rockford, Ill.

If you should check into any of this be careful. They are real tricky people.

I live at this address but may be at 235-4th St. Place if you should send someone to talk to me. I do not want publicity. I want everything quiet until I get out of the U.S.

I put ~~on~~ my middle

6.
name + maiden name on
the outside. I ran into some
trouble before one time when
I put my right name down.

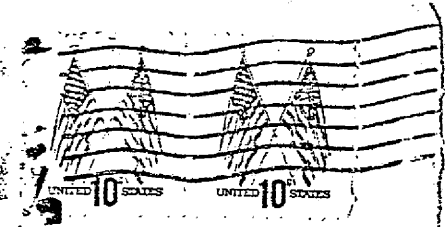

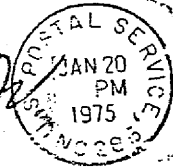

I see you do admit
there was a man behind the
tree. The Warren Report denies it.

I hope to hear from
you soon.

Yours truly,
Thelma Taylor

P.S. There is a for rent sign
on the front. I live at the
side apartment tho.
