Dear Sylvia:

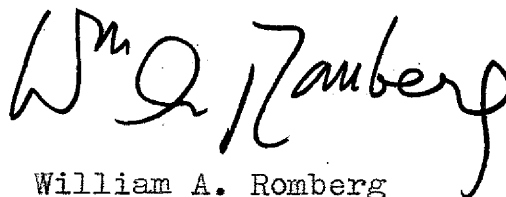

It was quite heartening to find out from you this past September that your book, Accessories After the Fact, is to be brought out in paperback by Vintage paperbacks of Random House.

The target date is February 1976. Is this going to be made? Is this edition of your book including an update introduction?

I'm editing a newsletter for the Wisconsin Assassination Information Bureau. It will be circulated to more than two thousand. If at all possible, we would like to review Accessories... for our readers before it's general circulation. What possible arrangements could be made so that we could review same?

Thank you for your consideration;

Yours in the hope of a
world safe for life,
