Dear Ms. Meagher,

I am sorry that I never took the time to thank you for your very kind letter of Sept. 26. I do very much appreciate it, and everything else that you have done to further our most worthy cause.

I have learned from my friends Penn Jones and Mary Ferrel that you are not feeling well, and I would like to extend you my best wishes for a speedy get well. They both speak of you with the utmost praise and respect.

Please do not trouble yourself to answer this note, as none is needed. I just wanted to thank you.

Very best wishes,

Robert Chapman
