Dear Mrs. Meagher,

It seems awkward to try to introduce myself, but it was suggested by R.B. Cutler and Penn Jones that I contact you. I've only talked to Penn on the phone but plan on going down to see him for a couple of weeks in May and June. However, Bob has been in touch personally as well as mail and phone, and it was he who lent me his copy of "Accessories." Glad to see it was printed again this month; just picked up my copy. What I am working on is a book linking the JFK, RFK, and King assassinations and the attempt on Wallace, in particular the strange deaths of eye-witnesses or otherwise knowledgeable persons. There's quite a list of them, and it isn't easy to keep up with people dying in Calif, New Orleans, Dallas, etc. I would like to talk with Jim Garrison, but he may want to stay out of this now. I assume that your major interest is the JFK murder, so I'll venture to ask you a

question or two. If you could respond it would certainly be appreciated.

(1) David Goldstein - do you have the specific date and cause of death, and any relevant information?

(2) Levens - first name? Cause of death?

(3) do you know of any significant deaths associated with JFK which may have come to your attention recently, or which you feel are important?

Thank you for your time, and perhaps we can talk sometime.

Sincerely,
David Wemple

Replied saying
I have no info
other than in AAF
which also gives
my opinion of
Garrison.
