Remains.

Dear Sylvia,
Hope you
had a wonderful
cruise!

We are all
used and
hope to hear
from you.

Sincerely,

ISN'T IT THRILLING TO
BE APPRECIATED IN
ONE'S OWN LIFETIME?

I was quite
intrigued to
learn of the
CIA War upon
the Cities.
You always
had a devoted
audience!

Sadly that the
Assassination
Committee has
avoided the
physical evidence
while chasing
static leads of
dubious merit.
The press has
amazed me by
its devotion to
the Warren Report.
That media bias
