Dear Dr. Wecht:

The Select Committee on Assassinations requests any comments or suggestions you may have for the medical area of our investigation into President Kennedy's death, in light of your professional expertise and experience as one who has examined the autopsy photographs and x-rays of President Kennedy.

Specifically, we would like information concerning: reports or notes you have retained; articles you have written concerning the evidence; the types of medical experts we should consult and the procedures they should follow; any questions you would recommend being asked of medical principals; and, your observations and conclusions from viewing the evidence.

Your assistance in providing us this information would be greatly appreciated.

Sincerely,

Donald A. Purdy, Jr.  
Staff Counsel
