Dear Sylvia,

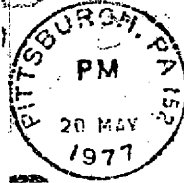

I think your idea might work. I was planning to take my vacation the last 2 weeks in August and I could probably extend it 1 more week without much trouble. I believe the earliest I would have to be back to start classes is Sept. 6.

Mimi would be in good hands because I love cats. I have 3 of my own - 2 Siamese and an Angora.

I really appreciate your offer. Let me know when your plans are finalized and we can make arrangements.

Sincerely,  
Karen
