RE: HOUSE SELECT COMMITTEE ON ASSASSINATIONS.

The enclosed copies of recent correspondence with the House Select Committee on Assassinations are self-explanatory. In addition to sending them copies of my JFK articles, interviews, duplicate slides, etc., I also sent them a copy of my Rockefeller Commission testimony and a copy of the memorandum that Bob Smith and I had prepared for Senator Schweiker a couple of years ago when he was actively involved with the Church Committee.

Do any of you have any specific questions, lines of inquiry, or other suggestions relating to the "medical principals" that you would like me to pass along to Mr. Purdy? This could be a good opportunity for us to assist and advise the Committee in a responsible and constructive fashion, and I would welcome your recommendations and input.

Please drop me a note, or call me collect, following receipt of this letter, so that I can respond to Mr. Purdy as soon as possible.

Thank you.
