Dear Sylvia:

Please excuse my tardiness in replying to your letter of September 26, but my feet have barely touched the ground since returning from Washington. Business has been extremely good, but hectic to say the least.

Words cannot express my sincere thanks for your very kind comments concerning Cover-Up. To receive this glowing report from one whom we hold in such high esteem is almost too much. We shall always treasure your letter.

It is my hope to visit with you again in the not too distant future. Until then, my warmest personal regards.

Sincerely yours,

J. Gary Shaw
