Dear Sylvia Meagher,

Thank you for your kind words about my book! The feedback from people involved in researching and propagating facts has been quite supportive, including suggestions for inclusions in any future editions. (Unfortunately, reviews have not been as kind...) I'd certainly like to get together with you when I get east in December; Mary Ferrell and many others speak very highly of you.

I'm pleased you liked being depicted on the phone with Lee Oswald (unfortunately the only person who has access to him is Larry Schiller). I'm sure illustrator Paul Mavrides (Ma-vree-dis) would be happy to hear that directly if you care to drop him a note (PM, 2147 Stewart st., Berkeley Calif 94705).

Again, it was very nice to hear from you.

Sincerely,

Tom Miller
