Dear Mrs. Meagher:

This is to invite you to participate in a second UNITAR Research Colloquium on the subject of "The Career Concept and Career Development in the United Nations System of Organizations" in connection with the UNITAR project for the International Civil Service Commission. The Colloquium will take place on Friday, 9 December 1977, from 10 a.m. to 12:30 p.m. in Room U-414 at UNITAR, 801 United Nations Plaza, New York.

The purpose of this session is to provide UNITAR the opportunity of benefitting from your thoughts and experience in matters relating to personnel questions, as the final report is prepared for submission to the Commission. Under separate cover, you will soon receive a draft of this report. This draft includes a section IV which seeks to suggest alternative ways of improving the current situation of the career system; we propose to make this section the primary focus for discussion at the Colloquium. Any thoughts you may have along these lines would be especially appreciated.

In accordance with UNITAR custom, the discussions will be off-the-record. Please notify us whether you will be able to attend by calling Norman Graham, the UNITAR staff member engaged in this study, at 754-8655. If you are unable to attend the session, Mr. Graham would of course greatly appreciate any written comments you might wish to make.

With best wishes,

Yours sincerely,
