

COMMITTEE TO INVESTIGATE
ASSASSINATIONS

BERNARD FENSTERWALD, JR.
EXECUTIVE DIRECTOR

INVITATION

It is hard to believe it was ten years ago that the CTIA was organized. No one dreamed that we could still be "at it" a decade later.

At the time of its foundation, the CTIA had two primary objectives: 1) put as many responsible researchers as possible "under the same tent"... get them working together; 2) lobby Congress for a special committee to re-examine the assassinations. We have been only partially successful in achieving the first goal, but completely successful toward the second. And still, we haven't "solved" a single case.

Naturally, some people have lost interest. Others of us plan in continuing, at least until the J.F.K. riddle is made clear. We have no idea how long this will be, but we are prepared for the long haul.

Because of your work in the field we wish to invite you to serve on our Board of Directors. We ask you to lend your name to our efforts.

We meet when necessary and when we can...never more than once or twice a year. We shall have a dinner meeting in Washington on Friday, April 28th at 7:30 p.m. The meeting will be

at 811 Prince Street, Alexandria. We hope that you will join us at the meeting. However, if this is impossible we would still hope that you would agree to serve on our Board of Directors and come to future meetings.

Looking forward to hearing from you I remain,

With Warm Regards

Bend
