Sylvia Dear,

It's been ages since our chat and I have been meaning to give a call and give you the news.

I have left SOS - after 5 fun and wonderful years -- we are still great friends but this new job came along and I was asked if I had the interest to open a New York Office for Connaught Travel.

I did think it over and felt at this time I did need a change since Walter Johanson would be retiring this fall - it was the time.

I am still in the Village and hope we will be able to have a glass or wine and/or dinner very soon.

Hope you had a lovely summer Sylvia and my love to MEME....

*Best*
