

# ENTRE NOUS

SALUT:

The Fourth of July Declaration of Independence ignited a revolution against a tyranny from WITHOUT ...

"... so that government of the people, by the people, for the people shall not perish from the earth." John Anderson's election on the Fourth of November will signal a Declaration of Independence against a tyranny from WITHIN ...

Meanwhile back at the tube, his National Unity Campaign rides splendidly over the media waves ...

As WW II bottoms out, A-curve responds to United Nations and, despite Korea and Cold War I, rises towards Paris Summit, Nuclear Test Ban Treaty and US Civil Rights, significantly narrowing the Human-Animal gap ...

Hope, crudely wounded by A-curve's direction under US U-2 sabotage of World Peace, political assassinations and their continuing cover-up operations, is murdered by an idiotic, headlong plunge into Indo-China's morass ...

Helsinki Accords, no match for National Security Council's control of Executive Branch decisions, cannot curb A-curve's unchecked divergence from the constant change of Human Evolution ...

TWO presidential candidates are in agreement with NSC's policy of Force: MX, Poseidon et al as the way to "Keep America Strong" ... any questioning of this forcefulness is ridiculed as "Soft on Communism" ... with Communism alive and well and living on virtually half of Earth, reversal of 1984's negative projection could be fired by responding to those Human Communists who are "Soft on Imperialism" ...

The strength of America is intuitively allied with the peace-loving strength of all Earth's People in a bond of more enduring sympathy than the bloody ties of adversary Animalism whose weaponry can only annihilate all Animals, all Humans and almost all Earth itself ...

ONE Presidential candidate questions NSC's policy of Force: MX, Poseidon et al, the very antithesis of gentle, civil, human neighborliness on this tiny planet ...

Celebrate National Unity's Declaration of Independence against tyranny from within ... vote independently and

Elect John Bayard Anderson to the Presidency

Celebrate the Glorious, New Fourth .. the Fourth of November 1980

ps: do I think he has a Chance !  
are death and taxes elephants !  
is there a second Renaissance !  
are ankles worth a second glance !  
do they still make love in France !

do you understand your Chance  
of faith in gov'rment to enhance?  
or would you rather learn the dance  
that was fiddled for Bert Lance  
or CIA's odd happenstance  
of framing Andy Young and Vance?

don't you know he has a Chance?  
it's yours and his in elegance;  
the world aghast, waits askance;  
you must believe he is Our Chance.
