

Dear Sylvia,

It was really a pleasure to see you quoted in the first paragraph of the feature article ("Who killed JFK?" by Gaeton Fonzi) in November's Washingtonian magazine - I hope that you've had a chance to see it. If you haven't, I'll send you my copy -

Things are all right at PAKO. I'm now the assistant to the new Deputy Director, Paul Skidell. My wife and I bought a little townhouse in Arlington. You have a place when to hang your hat if you come to Washington -

Love
Richard
