Dear Ms. Roth,

I have just returned from vacation to find your letter of the 28th of June with its interesting news of the graduate course on the JFK assassination controversy. I should welcome any information on this course which may be available.

As for your request for a telephone interview, I should be glad if I could be of assistance to you. If it is not too late, please feel free to phone me at 212-242-4293, at your convenience.

Yours sincerely,
