Dear Sylvia,

Hope you've been doing well since we last talked. I understand that you're still interested in the JFK case, although not actively involved in any projects.

Kevin Walsh and I are still very much interested in securing the release of documents relating to the HSCA. I have filed a few lawsuits under the Freedom of Information Act, but they have been tied down with usual delays.

Kevin and I have decided that the best course of action is to lobby Congress for a resolution that would release the HSCA's files. In pursuit of this objective we are forming an organization called ACCESS (Association of Concerned Citizens for Ending Senseless Secrecy)

ACCESS will take no position on who killed President Kennedy or the adequacy of the various investigations. As an organization ACCESS' only goal is the fullest possible disclosure of information on the JFK and MLK assassinations. We hope to attract a broad based group from all parts of the country.

As longtime admirers of your work, Kevin and I would very much like you to join our efforts. Soon you'll be receiving some ACCESS literature with Paul Hoch's

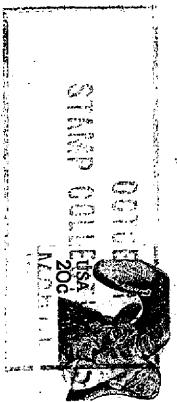

newsletter. Please let us know if you have any questions or comments.

Best wishes,
Mark
