Dear Sylvia

Firstly, by way of introduction to you of myself, the following:
I have privately researched the JFK assassination since the day it occurred on Nov. 22, 1963. Beginning 14 minutes after the first bulletin was announced that shots had been fired at JFK in Dallas, I began tape-recording from then to the present time. As a result I have compiled what is acknowledged to be the largest, most all-inclusive, chronologically listed, tape-recorded library in the world, numbering more than 4,300 hours. I also include the Martin Luther King and Robert Kennedy assassinations as well. I have appeared as a guest expert on more than 250 radio and T.V. shows, including my own Cable T.V. weekly, hourly shows entitled "Assassination U.S.A." in 1977 through 1978. I retain video and audio tapes of these shows as well. I have done many shows with Mae Brussell, Mark Lane and many other researchers through the years. Perhaps you may have heard me on numerous KGO Bob Trebor shows, also KFI Hilly Rose shows and KABC Ray Briem's shows while I lived in California from 1975 to 1976. I have done many other shows by phone across this country. I retain tapes of the shows as well. I also have many hours of tapes of my many conversations with many fellow researchers/critics of the Warren Report. I also retain massive printed documents as well relating to EVERYTHING regarding these cases.

During the course of the House Select Committee On Assassinations investigation into the JFK and MLK murders, completed in 1979, (a 2 year investigation), I tape-recorded more than 150 hours of conversations with the Congressional members of that Committee, plus conversations with the 2 Chief Counsels, plus members of the staff, plus many conversations with researchers such as Mark Lane, Mae Brussell, Richard E. Sprague (Who is the owner of EVERY photo and film of the JFK assassination,) Robert Groden who is an expert on the famous Zapruder film, and many others. I have very recently produced an all-inclusive documentary entitled "The House Select Committee On Assassinations Coverup". This documentary consists of the most important taped conversations I had during this period with the above mentioned, and also including the former New Orleans District Attorney, now Judge, Jim Garrison, who had conducted his own investigation of the JFK murder from 1967 to 1969. During one of these conversations with Mr. Garrison, he details some of the crucially important evidence which was obtained by Committee investigators, including tape-recorded conversations by CONTRACT EMPLOYEES OF THE CENTRAL INTELLIGENCE AGENCY during which they were discussing how they would assassinate President Kennedy in Dallas on Nov. 22, 1963. This crucial evidence was completely SUPPRESSED by the Committee and is nowhere to be found in their Final Report! There is much, much more of absolute evidence of a massive conspiracy which was completely SUPPRESSED by that Congressional Committee which is detailed on these recordings. I have presented on this, my own documentary.

From these more than 150 hours of recordings, I have selected 27 hours of the most RELEVANT AND CRUCIALLY IMPORTANT taped conversations which PROVES BEYOND QUESTION that this committee embarked on a COVER-UP which was more MASSIVE than the original one which was perpetrated by the Warren Commission in 1964! I have also included in this taped documentary some of the actual testimony presented to the Committee in Open Public Hearings by Dr. Cyril H. Wecht, who remains the only NON-GOVERNMENTAL forensic pathologist to have examined and studied the Top Secret autopsy photos and X-Rays of JFK's body in the National Archives, in 1972. His testimony absolutely demolishes the "Single Bullet Theory", crucial to the government's case against Oswald. His most expert testimony was ALSO completely disregarded by that Committee, as well as the testimony given by Robert Groden of the Zapruder film of the JFK assassination which was ALSO COMPLETELY DISREGARDED by the Committee! Also included are conversations I had by phone this year with Chief Counsel Robert Blakey, who I charge with being instrumental with suppressing this crucial evidence, also some of the radio shows in New York this year discussing this massive COVER-UP of the crucial evidence of these cases by the House Select Committee On Assassinations. These, and much more, are included on these 27 hours of cassette taped copies from my original MASTER TAPED DOCUMENTARY. Also included is my reading of my 5,500 word article entitled the same as is this tape-recorded documentary, "The House Select Committee On Assassinations Coverup". I have received many orders for this documentary already from both California and Utah and New York, and I am making this historic documentary available to you as well at absolutely NO PERSONAL PROFIT FOR MYSELF!! All I am asking for is for the cost of these cassettes to me, at a greatly reduced price because of the great volume I have ordered. Also, I am charging merely for the cost of 1st class postage to your home from here. Therefore, the cost of 27 hours of cassettes (18 cassettes, both sides recorded, 45 minutes on each side) is a total of \$27.95 plus \$3.07 for 1st class postage mail. This amounts to a total of only \$31.02 in all. As I've mentioned, I am NOT charging for the time and work involved in making these taped copies at all. Only for the reduced costs of tapes and postage. Every home should be made aware of this information. Please send check or postal money order with your request. Yours in struggle,
